Introductory Comments

Good Governance

'Accountability serves as the foundation of democracy, empowering citizens to trust their leaders and the institutions that serve them'.

'Without transparency, there is no accountability. And without accountability, trust is lost'.

'Robust structures and systems for oversight, accountability, and consequence management are essential, not only to prevent misuse of public funds, but also to ensure that services are delivered equitably, resources are utilized efficiently, and local development initiatives are sustainable'.

Deputy Minister Dr Namane Dickson Masemola
COGTA Summit on Accountability in Local Government

16 October 2024

Local Government – Status Quo Assessment

Systemic Governance Failures

- Persistent irregular, fruitless, and wasteful expenditure
- Weak internal controls and poor consequence management.
- Political-administrative interference undermining professional management.

Financial Instability

- Over 160 municipalities in financial distress; many unable to meet operating expenses.
- Rising debt to Eskom and Water Boards, poor revenue collection, and dependency on grants.
- Unsustainable wage bills and poor financial discipline.

Erosion of Service Delivery Capacity

- Infrastructure backlogs and collapse of basic services (water, sanitation, electricity, roads).
- Poor maintenance and lack of technical skills in critical functions.
- Declining public satisfaction and legitimacy of municipalities.

Weak Citizen Engagement

- Limited participatory governance beyond compliance-driven IDP-meetings.
- Lack of transparency and accountability in municipal planning and budgeting.
- Citizens increasingly disengaged or resorting to protest.

Critical Needs

Need for Local Government Reform

Multiple assessments by the Auditor-General, National Treasury, and CoGTA confirm that the system:

- Faces deep structural, financial, and governance challenges.
- Reform is both urgent and necessary to restore effectiveness, accountability, and citizen trust
- Review of White Paper on Local Government (1998) underway

Need for Oversight

Systematic monitoring, evaluation, and accountability mechanisms through which:

- Councils hold the Executive (Mayor and Administration) accountable
- Citizens monitor the use of public resources and delivery outcomes (e.g. OCAN and RPAs)
- External institutions (e.g. Auditor-General, Provincial and National Treasury, CoGTA, Public Protector) enforce compliance and support corrective action

Need for Civic Partnering

- Structured collaboration between the Municipality, civil society, business, and other stakeholders in planning, decision-making, implementation, and oversight

Closer to Home

Overstrand Municipality rated amongst SA's best performing local municipalities

Recipient of several awards (over time)

Operationally effective (service delivery)

Financially healthy (Auditor-General)

Flickering Red Lights: Growing dependency on grants and subsidies | Decline in capital spend | Over-reliance on electricity revenue | High employment-related cost | Sharp increase in debt write-offs

Several critical roles are vacant (including 4 director roles)

No evidence of innovative practices

Almost zero spend on people development

Lacks strategic vision

Limited evidence of civic partnering (beyond a dysfunctional Ward Committee system)

Platforms for Civic Partnering and Oversight

In Place

- JAPAC (Joint Audit and Performance Audit Committee)
- Ward Committee System and Community Forums (to be repurposed)
- OMAF (Overstrand Municipal Advisory Forum) – to be repurposed
- MPAC (Municipal Public Accounts Committee – Section 79)

Opportunities

- Advisory Committees (Municipal Systems Act)
- Section 79 Committees (Municipal Structures Act)
- PPPs (Public Private Partnerships)
- Budget Steering Committee (Participatory Budgeting)
- Joint Planning Committees (IDP-processes)
- Informal Brainstorming Sessions
- Citizen Summits
- Formal Strategy Sessions

Draft Constitution

- Adopted during a virtual meeting
- Recommended changes relate to membership

Proposed Changes to Draft Constitution

Proposed Change to Clause 5 (Membership)

Any supporter, who makes a financial contribution of whatever kind, automatically becomes a member of OCAN for the duration of the financial year during which the voluntary contribution was made

Proposed Change to Clause 6 (Membership Fees and Voting Rights)

Any supporter, who becomes an OCAN-member by virtue of a voluntary financial contribution, will have voting rights

Proposed Change to Clause 2 (Interpretation)

‘Member’ means an Overstrand-citizen who is entitled to be an OCAN-member in terms of clause 5 hereof

Proposed Change to Clause 7 (Termination of Membership)

Sub-clause 7(b) to be deleted.

Questions

Looking Ahead

- Map OCAN - priorities
- Collaborate with the OM
- Expand analyses (a lot we don't know)
- Work closer with Ratepayer Associations
- Embark on an active supporter drive
- Tie-up with civic oversight organisations in other areas (e.g. the Garden Route Ratepayers Alliance)

Concluding Remarks

Effective oversight and ethical leadership are the foundation of good governance.

Civic partnering and meaningful public participation present numerous opportunities for enhanced municipal performance.
